What it means for MWK 1,000,000

Put MWK 1,000,000 into the 364-day bill at this auction and you get back MWK 1,160,000 after 12 months: MWK 160,000 in interest before any withholding tax, about MWK 13,333 a month. That is the same as at the previous auction.

Malawi in the ASBI

Malawi ranks 2 of 10 markets by one-year rate, contributing 16.00% against an index of 12.37% (week of 12 Oct 2026).

The MWK against the dollar

Method, sources and how to cite

Method

The rate is the average yield of allotted bids, as the Reserve Bank of Malawi publishes it. One-month and one-year changes compare the latest auction with the auction closest to one month and one year earlier.

Real yields are the latest 364-day rate less the latest annual consumer price inflation published by the World Bank. Demand is the median, over the last 90 days, of bids received as a multiple of the amount offered.

The Afronomics African Sovereign Bill Index (ASBI) is the equal-weighted average of each market's latest one-year rate; its method is published at afronomicsfeed.com/markets/bill-index.

Expected auction dates come from each central bank's auction rhythm, not an official calendar.
